

**Out of Hours Emergencies:**

We will do everything possible to ensure that our system for contacting the duty doctor is easy to follow, reliable and effective.

**Waiting Times:**

- Surgeries will normally start on time.
- We expect patients to be seen within **thirty** minutes of their appointment time, and in the event of a delay we will offer an explanation.
- When a doctor is called away on an emergency we will inform the patients and give them an opportunity to book an alternative appointment, or if preferred, to be seen by another doctor.

**With these rights come responsibilities and for the patients this means:**

- Courtesy to the staff at all times - remember they are working under doctors' orders.
- Responding in a positive way to questions asked by the reception staff.
- To attend appointments on time or give the practice adequate notice that they wish to cancel. Someone else could use your appointment!
- An appointment is for one person only - where another member of the family needs to be seen or discussed, another appointment should be made and the Medical Record be made available.
- Patients should make every effort when consulting the surgery to make best use of nursing and medical time - home visits should be medically justifiable and not requested for social convenience.
- When patients are asked to give 72 hours notice for repeat prescriptions, please give us this time as it is to allow for accurate prescribing.
- Out-of-hours calls (e.g. evenings; nights & weekends) should only be requested if they are felt to be truly necessary.
